Las Vegas Cox Cable Tv Guide

Published: November 20, 2026 | Index ID: #-

Your Complete Guide to the Las Vegas Cox Cable TV Guide

Welcome to the entertainment hub of the Southwest. Whether you are a longtime resident of Sin City or a recent transplant, navigating your television options can be as dazzling as the Strip itself. Cox Communications is the dominant cable provider for the Las Vegas valley, and understanding the **Las Vegas Cox Cable TV Guide** is the key to unlocking hundreds of channels, on demand content, and advanced features. This guide is designed to help you get the most out of your subscription, whether you are a sports fanatic, a movie buff, or just looking for reliable local news.

Understanding Your Cox Cable TV Lineup in Las Vegas

Cox offers several tiered packages tailored to different viewing habits. The **Las Vegas Cox Cable TV Guide** is not a static document; it evolves with channel additions, seasonal sports, and regional preferences. The most common packages include:

- Contour TV Starter – Basic local channels, major networks, and a selection of popular cable stations. Ideal for light viewers.
- Contour TV Preferred – Expands to over 140 channels, including regional sports networks, lifestyle channels, and more entertainment options.
- Contour TV Ultimate – Nearly 200 channels, premium movie channels like HBO, Showtime, and Cinemax, plus extensive sports coverage.
- La Total (Español) – A Spanish language package with Latin American networks, telenovelas, and sports.

To view the exact channel numbers for your Las Vegas address, you can log in to your Cox account online or use the official Cox Contour app. The on screen guide (often called the **Las Vegas Cox Cable TV guide**) updates automatically when you add or remove services.

How to Access the Cox Cable TV Guide

1. On Your TV (Contour Box or CableCARD)

Press the **Guide** button on your Cox remote control. The grid will display current and upcoming programming for all channels in your package. You can filter by category (movies, sports, kids, news) or search for specific shows using the voice command feature on newer remotes.

2. The Contour App (Mobile and Tablet)

Download the Cox Contour app from the App Store or Google Play. Once you log in with your Cox account credentials, the app mirrors the **Las Vegas Cox Cable TV guide** on your mobile device. You can browse channels, set DVR recordings remotely, and even stream live TV channels over Wi Fi.

3. Online at Cox.com

Cox provides an online version of the **Las Vegas Cox Cable TV guide** on their website. Navigate to the "TV" section, click "View Channel Lineup," and enter your zip code. This tool lets you see all available channels sorted by number or by category.

Popular Channels and Niche Offerings in Las Vegas

Cox's Las Vegas lineup caters to the city's unique mix of residents and visitors. Beyond the national networks like ABC, CBS, NBC, Fox, and PBS, you will find:

- Local Las Vegas Channels – KLAS (CBS), KTNV (ABC), KVVU (Fox), KVBC (NBC), and KCLV (City of Las Vegas TV).
- Regional Sports Networks – Bally's Sports West, Bally's Sports San Diego, and NFL RedZone for football season.
- Entertainment – HBO, Showtime, Starz, Cinemax, and all the usual cable staples (TBS, TNT, USA, AMC, FX, Comedy Central).
- International and Spanish Channels – Univision, Telemundo, Galavisión, and dozens of Asian, Middle Eastern, and European packages.
- Music Channels – Cox includes dozens of commercial free music stations in all packages.

Because the **Las Vegas Cox Cable TV guide** is customized to your location, you will also see local government and public access channels that broadcast city council meetings and community events.

Making the Most of the Interactive Guide Features

Search and Discovery

The interactive guide on Contour boxes and the app includes a robust search tool. Type in a show name, actor, or genre. The **Las Vegas Cox Cable TV guide** then pulls up not only live airtimes but also on demand versions and upcoming recordings. This is especially useful in a city where schedules can be unpredictable.

Parental Controls

If you have children, the guide lets you set purchase and rating limits. You can lock specific channels or time slots. The parental control settings are accessible through the main menu of the Contour guide.

Listings View vs. Grid View

You can toggle between a standard grid (multiple channels at once) and a list view (single channel with a timeline). Many Las Vegas users prefer the grid because it shows what else is on during commercial breaks of a live show.

Set a Recording from the Guide

With Cox's Contour DVR, you can record up to six shows at once. From the **Las Vegas Cox Cable TV guide** , simply highlight a future program and press the record button (or select "Record" via the remote). You can choose to record a single episode or the entire series.

On Demand and DVR: Your Personal TV Guide

One of the biggest advantages of having a Cox cable subscription in Las Vegas is the extensive on demand library. The **Las Vegas Cox Cable TV guide** integrates on demand content directly into the channel listings. For example, if you search for "Yellowstone," the guide shows you the next live airing on your local channel, plus all available episodes on demand.

Cox also offers a cloud DVR option with the Contour system. Recordings are stored for up to 90 days, and you can watch them on any connected device in your home. The DVR manager is accessible from the guide menu, allowing you to see upcoming recordings, conflicts, and storage usage.

Using Voice Control with the Cox Voice Remote

The voice remote is a game changer for navigating the **Las Vegas Cox Cable TV guide**. Instead of scrolling through hundreds of channels, you can press the microphone button and say commands such as:

- “Show me TV 14 movies on tonight.”
- “Find the Golden Knights game.”
- “Record the news at 10 pm.”
- “Go to HBO.”

The voice remote understands natural language and responds quickly. This feature is particularly handy in Las Vegas, where many viewers want quick access to live sports or local breaking news.

Troubleshooting Common Guide Issues

No technology is perfect. If your **Las Vegas Cox Cable TV guide** is not loading correctly, or you notice missing channels or incorrect times, try these steps:

1. Reboot your Contour box – Unplug the power cord for 30 seconds, then plug it back in. Wait for all lights to stabilize. This clears the guide cache.
2. Check for service outages – Visit Cox’s website or use the Cox app to see if there is a known outage in your area. Las Vegas occasionally experiences service interruptions due to weather, construction, or maintenance.
3. Update your box software – Go to Settings > System > Software Update. Keeping your box updated ensures the Las Vegas Cox Cable TV guide displays the latest channel information.
4. Reset your remote pairing – If the guide button does not respond, re pair your remote by holding the “Setup” button until the LED blinks, then entering the code for your TV brand.
5. Call Cox support – For persistent issues, contact Cox’s Las Vegas technical support. They can reset your signal from the central office.

Tips for Cord Cutters Who Still Use Cox

Even if you are considering cutting the cord, the **Las Vegas Cox Cable TV guide** remains useful because Cox offers internet only plans that include access to their TV apps. Many Las Vegas households combine a Cox internet plan with a streaming service like YouTube TV or Hulu Live. However, the Cox Contour app still lets you watch live linear channels without a cable box, so the guide remains relevant.

If you decide to fully drop cable TV, remember that Cox’s channel guide will no longer be accessible. You would then rely on the streaming service’s own guide, which often lacks the depth of Cox’s localized listings.

Conclusion

The **Las Vegas Cox Cable TV guide** is far more than a simple list of channels. It is a dynamic, interactive tool that adapts to your viewing preferences, whether you are watching on a living room TV, a tablet by the pool, or a smartphone while commuting. By understanding how to navigate the guide, use voice commands, set recordings, and access on demand content, you can transform your television experience from passive watching to active entertainment. Take a few minutes to explore the guide’s settings and features — you might discover hidden channels or a new favorite show you never knew existed. With Cox’s robust infrastructure in Las Vegas, your TV guide remains your best ally in making sure you never miss a moment of the action, the drama, or the live events that make this city legendary.
